North Carolina Reference Book Is Real Model

When every state in the union has a research guide as Wallace A. Draughon's "North Carolina Genealogical Reference," then most of the uncertainty and the worry will have been removed from ancestor searching in those states. Very few previous books have guided the researcher to the very spot where his problems disintegrate into thin air. It not only gives the names of the books and records in which the information may be found, but the number of the house and the name of the street where they are available and the time at which they may be searched. It only now remains to have some one copy the information and hand it to the researcher!

The 232-page book is divided into nine chapters, the largest of which, ninety-four pages, is a registration of seven hundred and nine genealogists from all parts of the country giving the names of about two thousand North Carolina families for whom they are searching.

Other chapters give suggestions on how to use the book to the best advantage, information to inexperienced researchers, details regarding the Greensboro Public Library, the state archives and the county records located there, the state library and its genealogical contents, county histories to be found at the various North Carolina libraries, printed genealogies and family histories and where they are located, (five hundred-fifty eight titles are given).

The fourth chapter charts the available birth, marriage and death records, deeds and wills of the one hundred six counties found at the respective county court houses and similar records plus the land entries and grants and census records in the state archives in Raleigh. Detailed information about the county office hours and the cost of certified copies of the various records and if photostatic copies are available is also given in chapter four.

Information concerning the Land Grant Office is given in chapter five, about the National Archives in chapter six and the available records of the Baptist, Disciples of Christ, Episcopal, Evangelical and Reformed, Friends (Quakers), Lutheran, Methodist, Moravian, and the Presbyterian churches in chapter seven.

Handy Book Preparations Underway

Work on the new HANDY BOOK for GENEALOGISTS is advancing and should be ready to go to press in the early part of 1957. While it will be a new-written book it will retain most of the information of the earlier editions plus a great deal of information valuable to the researcher.

Good maps of every state indicating the relative position of each county will be printed. Corrected county histories with data relative to the formation of the counties, present population, available census reports, parent county and the present county seat will also be given.

Information obtained since the previous publications will be given regarding the availability of the early statistics of the various counties in addition to earlier information.

Important information from the various European nations will also be given to assist those anxious to do their own search from the microfilm records or from books.

The new Handy Book will be bound in hard covers.

The cost of the book will be $2.50 each. The pre-publication price of $1.35 will not be acceptable after Dec. 1, 1956.

Forty Year Researcher Helped

Mrs. Sherwin Frank (Winnifred A.) Garside, a member of the Family Researchers Club of Las Vegas, Nev., whose address is 300 Rancho Road, same city, has more than nine thousand names of members of the Maris Family.

Far several years Mrs. Garside has been in possession of a copy of "THE MARIS FAMILY, 1683-1885," which has been of a tremendous benefit to her.

"Recently I corresponded with a gentleman who has done research for about forty years who had never seen a copy of the book," writes Mrs. Garside. "He had accumulated some 200 pages of notes on one line included in the "MARIS FAMILY" which I was able to supply completely with little effort on a mere six typewritten pages."

List Of Family Organizations To Be Printed

The aim of THE GENEALOGICAL HELPER has always been to help more people find more genealogy. In that effort various innovations have been inaugurated in its columns over the ten fruitful years of its existance. In the first issue of its tenth volume we presented the names, addresses and officers of one hundred ninety six family organizations in the United States. Now, we realize full well that it was not a large number when the total number of family organizations in the nation is considered. But it was a beginning.

It may interest our readers why we decided to publish information about these family organizations. At different times in the past such lists have been published in books of interest to genealogists. Some years ago we used such a list in sending out some research information. When more than three-fourths of the letters came back because the addressee had either moved away or had died, we decided it was time to publish such news concerning family organizations every year, or else they would be of no value to any one. Other business organizations which had used similar lists reported they had had similar experiences.

So once again we invite all family organizations to participate in the publication of the family organizations in the United States. They will appear in the first issue of our eleventh volume, in March 1957.

Since the beginning of this nation to the present many large families have come here from various parts of the world. As opportunities have presented themselves one member may have moved from the original American home in the New England section to one of the south-eastern states, another to the mid-west, another to the north-central part, two or three others to that many of the different western states. In time contact between the various groups have ceased. Some one in each group unknown to the other groups may have gathered the family genealogy of its particular group but knows nothing about the other groups with which there is a family relationship. We believe that the publication of the names and addresses of the family or-

record sources is given in the four pages of chapter eight. The names and addresses of fourteen professional genealogists working on North Carolina records form the last chapter, chapter eleven, in the book.

The book is well written and easily read. It is the kind of a book that a North Carolina researcher would want to have by his side continuously, as it would save a lot of steps and a great deal of time.

The author, Wallace R. Draughon, is a practicing dentist residing at 709 East Trinity Avenue, Durham, N. C. He has been interested in genealogical research for several years and has spent much of his leisure time acquainting himself with the available records in his state.

"I had studied the various books on how to do research and the various publications giving excerpts and bits of information, but nothing seemed quite to fill the need, as I saw it, for showing the inexperienced individual, as most genealogists are, the exact location of genealogical records and what one would expect to find when he searched the records," wrote Dr. Draughon in a recent letter. "For example, in North Carolina some county records are at the county court house and some at the state archives. Some counties have sent many records to the state archives, and others, like Beaufort county, have refused to send but a few records. Still other counties have lost records by fire and their available records do not go back to the date of the formation of the county. Frequently researchers have gone to considerable trouble and expense before learning the real situation.

"Many books have been printed about North Carolina families. I have always wondered why so few researchers have not investigated to learn if any books about their particular families have been written.

"It was to fulfill a basic genealogical need, as I see it, that I wrote or compiled 'North Carolina Genealogical Reference.' Since beginning my research activities years ago I have always held that it is necessary for the researcher to know where the records are and how and when they may be searched .However, it was a large task. We have only made a start to accomplish this gigantic undertaking by presenting this information for one state. Eventually, it should be done for every state.

"I didn't write the book to make money. I am a dentist by profession. This book was written only because it seemed to me that something was lacking in the field of genealogical research. With tens of thousands of others I have experienced the dilemma of trying to discover where genealogical information can be found. Whether or not I have accomplished what I set out to do, I leave to the many researchers all over the nation whose family roots are in North Carolina."

It isn't a wild guess to predict that Dr. Draughon's "North Carolina Genealogical Reference" will be used as a guide by other compilers in gathering similar information about their own state or locale. Each such volume will lighten the burdens of the researcher and will hasten the compilation of his family records. May that time be hastened!

List Of Family Organizations

ganizations may bring such relatives together.

Earlier we have said that the benefits to be derived from the listing and the publication of the family organizations are two-fold: It will aid the family organization to contact its members in all parts of the country. It will aid the "lone-wolf" researcher who has pursued his efforts individually without realizing the existance of a family organization to which he should belong. Both groups may profit from the information each has gathered. Many lost or forgotten branches of a family may thus be regrafted into the original trunk and the entire tree be made more complete and enticing.

The listing will include the name and address of the family organization, with the name and address of the family researcher or genealogist, and, perhaps, the president and the secretary.

Invitations to use this new facility to make their work easier and more effective will be mailed to several thousand family organizations throughout the nation during the next few weeks. It would be greatly appreciated if those receiving this announcement would forward it to the new officers of the family organization, if a change has been made in the meantime. It is impossible for anyone to be acquainted with every organization of that kind. Therefore we urge all readers to assist us in obtaining the correct information as quickly as possible.

This undertaking involves a tremendous amount of work besides the cost of paper, envelops, stamps, printing and typing. To aid in defraying part of the expense a small registration fee of 50 cents for each family organization will be required. This will include, as previously stated, the name and address of the organization and the name and address of the family genealogist. If additional names and addresses are desired they may be included at the cost of 25 cents for each additional name and address. For instance, the name and address of the organization and the names and addresses of the president, the secretary and the genealogist would be one dollar.

We believe the results to be obtained are most worthy. The enthusiastic support of a majority of the family organizations will be needed to make it the success and value to the public that it should be.

We also believe that no better medium for dispensing this information to all parts of the nation can be found at present than THE GENEALOGICAL HELPER. With our large subscription list and our many facilities for reaching the genealogical minded public we are certain the information will be broadcast throughout the nation more completely than through any other similar medium.

We invite every family organization to avail itself of this opportunity to reach more of its family members than ever before. All material for the March issue should be in our office, THE EVERTON PUBLISHERS, 526 North Main Street, Logan, Utah, not later than February 1, 1957.

The Question Box

RULES AND RECOMMENDATIONS

Our readers are invited to submit their genealogical queries to be answered in this section. We will attempt to analyze the problems and to give the information needed to cary on research. We do not attempt to extend research for anyone, either for pay or otherwise.

Until further notice the following rules will apply to queries submitted for this department.

1. Each query must pertain to one person or one couple. Give all the information you can such as dates of birth, marriage, death, etc. Also give other facts or traditions such as place of birth, marriage, death; place and date of children's birth; religion, military service; occupation, etc., etc.
2. Each query must be typewritten on a separate sheet—never on a sheet with an order or other matter. This will facilitate handling and avoid their being overlooked.
3. All hand written queries will be typed and returned for proofing with a charge of ½ cent per word for this service. Handwritten meterial has caused considerable trouble in the past—with dates, names and places being misinterpreted.
4. The name and address of the querist must appear on each and every question submitted to the Question Box.
5. Queries of general interest on any genealogical subject will receive top priority. Others will be considered in the order in which they are received.
6. More than one question may be sent in by one person, but they may not be answered at the same time. If you send in more than one question and have a preference as to which is answered first, label them as to first, second and third choice, etc.
7. Queries which have been in our files more than six months and have not been answered or printed will be returned to the sender with the recommendation that they be resubmitted, rewritten, or that they be published as a paid advertisement. All queries resubmitted will be reinstated in their original order to be taken up as though they had not been returned. This should help us to avoid the waste of time and space, taking up queries answered throug other sources, and yet be fair to all subscribers who desire our help.

I want to compile and write the history of this Owen family with view of publication. Please write to me for gratis blanks to fill out of your line if you are a descendent of this family and return to me with authentic references, and sources of your dates, records, etc., always giving owner's name and present address of all Bible records referred to. This applies to all sources of records. Without an authentic source of materials, our history will not be worth much. Records and information on the following families will only be worth publishing as of the above.

I have a certified copy of the will of William Elliot, father of my great grandmother, Nancy Elliot Owen, wife of Mastin Williams Owen above, son of Lewis Owen and Dorcas Williams. Wm. Elliot's will probated in Anderson County, S. C., in 1841. He names some of his children but spoke of other children not named in the will. He named: My wife, Penny Elliot, (See 1850 census, Smith Co., Miss., residing in home of Mastin W. Owen, and his wife, Nancy Elliot Owen) also to my grand daughter Cinthey Ann Owen, daughter of my dau. Nancy Owen, one slave girl named Franky at my wife's death. I own the Bible of Mastin W. Owen and Nancy Elliot Owen, and on one fly leaf is written the name Franky 1830. Son: Charles Elliot, James Elliot, and Aihy (Aiby?) Elliot; Hugh Wilson and Penny Elliot, my wife to be Executor and Executrix; Witnesses; Wm. Bennett, Martin Welborn, Aaron Welborn.

Who was Penny Elliot before m. to William? Need proof of and date of m. Wish to correspond with the descendents of Wm. and Penny Elliot. Was she a Wilson or an Alexander? The Bible I own has the name which appears to be Eugenie or Pennie Alexander. The last name of Alexander is plain, written on a fly leaf.

I own a copy of the will of Charles Elliot the father of William Elliot above. Charles will probated in 1804 in Anderson Co., which was dated Sept. 17, 1799 Pendleton Co., S. C., to: Son William, a certain plantation; to Son James, land in Stokes Co. N. C.; to: wife Juriah, to use at her discretion and disposal, to rear the younger children not mentioned in will. To be equally divided between my children when she dies. Witnesses: John Nikelson, James Elliot; executors, my wife, Juriah, and son, Williams Elliot. I wish to find the m. of Juriah and Charles Elliot. Who was Juriah before she m? I find on page 50, Vol. 1, S. C. Historical and Genealogical Quarterly, that in marriages published from Greenville Mountineer Newspaper, at Greenville, S. C., a Miss Juriah Wilson was married on July 23, 1831, by J. H. Goodlet, to Mr. James McNeely. Was this Juriah the daughter of Hugh Wilson who was an executor to the will of William Elliot in 1841, in Anderson County, S. C.? Was there a relation between the Elliot and the Wilson families of that area in S. C.? If so how?

Wish the Bible records of Lewis Owen and Dorcas Williams, dau. of Capt. Jeremiah Williams, Rev. soldier of S. C., and his wife, Nancy Jane Graham. This Bible was in the hands of W. H. Elwood, of Dawson, Ga, in 1929, See National Number, D. A. R., of Mrs. Lelia Spearman Mitchell,(250 Tugalo Street, Tocooa, Ga. (Nat. No. 422,912).

I will be glad to pay for photostat copy of the records of the Lewis Owen and Dorcas Williams Bible, or for information as to the name and address of the present owner of the Bible. Who were the other children of Lewis Owen and Dorcas Williams Owen, besides Chris-

tine, b. 1810, who was Mrs. Mitchell's ancestress and Mastin Williams Owen, b. in 1812 in Anderson Co., S. C. who was my ancestor? Would love to correspond with all descendants of Lewis and Dorcas, as well as the descendants of the children of Mastin Williams Owen and his wife Nancy Elliot Owen who were residing Smith Co. Miss., in 1850 according to census of that year. Their children were: Seaborn Pinkney Owen, b. 1832 in S. C., Cinthey Ann Owen, b. 1834 in S. C., Lewis Owen b. 1836 in S. C., Benjamin Owen b. 1838 in Miss., and Amanda (Emaline) Owen b. 4/10/1841 in Smith Co. Miss.

Wish the marriage record of Capt. Jeremiah Williams and Nancy Jane Graham. Who was Jeremiah Williams father? Who was his mother? The D. A. R. application papers of Mrs. Lelia Spearman Mitchell, of which I have a photostat, says of Capt. Jeremiah Williams that he was born in France in 1760. I would like to know why in France, since Williams is not a French name? I very much would like to correspond with anyone who is a descendant of any of the above people. Who were parents of Nancy Jane Graham?

Who were the children of Capt. William Alexander who served in the revolution in S. C., in Lt. Col. Wade Hampton's Regiment, under General Sumter? Who was his wife?

I would like to correspond with anyone descended from Elliots in Virginia, N. C., S. C., also correspond with anyone descended from any of the families of Alexander, Wilson, Graham, Owen and Mastin of Va., N. C., S. C.

Write to — Mrs. Mattie Francis Richey, Boyce, Louisiana.

From the Historical Library, Montreat, N. C., in the Presbyterian Session Records, Murfreesboro, Tenn.: JAMES PATTON and his wife MARY PATTON had three infant children baptized Aug. 7, 1828. This JAMES PATTON is probably a descendant of the John Patton Sr. of Augusta Co., Va. (which later became Pendleton Co., W. Va.) who, with his sons John Jr., Matthew, Benjamin and Samuel, moved to N. 10-4-44 Patterson, Blair, Campbell, Cater, Hammond, Giles, McNeak, Carson.

Wanted the father (mother, if possible), with dates of birth and death, of the following who is my second great grandfather: Josiah Patterson, believed to have been b. ca. 1775-80 in the old Ninety-Six Dist., S. C., d. 1846; wife, Eleanor Blair, ca 1780-1846 plus; children: Mary A. Patterson, m. —?— Campbell; Jane L. Patterson, m. Richard B. Cater, d. ca. 1854; Louisa A. Patterson, m. —?— Hammond; Sarah C. Patterson, m. Andrew Giles; John A. Patterson, m. —?—; James C. Patterson, m. —?—, and Josiah Blair Patterson, b. 10 June 1816, d. 12 May 1864, m. Mary McNeal, b. 8 Feb. 1821, d. 27 Aug. 1909. Dates of birth and death and middle name of children except the last, my great grandfather, are not known.

Josiah Patterson, ca. 1775-80 to 1846, believed to be son of one of following: James Patterson, d. 1795, came to S. C. from Ireland in 1767, m. Jane —?—; Samuel Patterson, d. 1794, said to be bro. of James came to S. C. from Ireland 1772, m. Mary —?—; Josiah Patterson, 1751-1825, son of James, d. 1795, m. Margaret Carson, 1761-1819; Josiah Patterson, alive 1838, b. and d. dates unknown, son of Samuel, d. 1794? m. Mary Carson, 1765 —?—.

I doubt that Josiah Patterson, ca. 1775-80 to 1846, is son of Josiah Patterson, alive 1838, as this man's wife was Mary Carson who was not b. till 1765; also doubt that the man in question is son of Samuel Patterson, d. 1794, as this man's son Josiah m. the Mary Carson referred to above and may have been the Josiah Patterson alive in 1838. Josiah Patterson, 1751-1825, had a son known as Josiah Patterson, Jr., b. dates unknown, possibly this is the man in question.

In my data I have the following Josiah Patterson S, all from the following Josiah dern Abbeville co., S. C.: Josiah Patterson, 1751-1825, son of James Patterson, d. 1795; Josiah Patterson, —?—, son of Samuel Patterson, d. 1794; Josiah Patterson, alive 1838, possibly the same man as above; Josiah Patterson, Jr., —?—, son of Josiah Patterson, 1751-1825; Josiah Patterson, —?—, son of Alexander Patterson, ca. 1752-1839, a son of Samuel, d. 1794; Josiah Patterson, ca. 1775-80-1846, the man in question.

In my opinion, and it is just an opinion, Josiah Patterson, ca. 1775-1846 is Josiah Patterson, Jr., —?—, the son of Josiah Patterson, 1751-1825. However, I have no proof.

In this family, or group of families, it is to be noted that nearly all male children were called James, Josiah, Samuel, or John. I believe they are all related due to this usage, even if all but the second

are common first names even today.

James Patterson, d. 1795, and his alleged bro., Samuel Patterson, d. 1794, came to S. C. from Ireland in 1767 and 1772, respectively. As one of Samuel's sons, Alexander, 1752-1838-39, was b. in County Downs, Ireland, I feel that these two 'brothers' were too.

It is requested that someone with the correct info on the father of Josiah Patterson, ca. 1775-80 to 1846, contact C. R. Patterson, 342 West Center St., Logan, Utah. I would be happy to send them anything I have on the Pattersons for the desired info.

ANNUAL EXCHANGE INSTRUCTIONS FOR REGISTRANTS

HOW TO COUNT YOUR WORDS, NAMES, DATES, ETC.

A registration is an advertisement in the Annual Exchange Edition of THE GENEALOGICAL HELPER, in which researchers describe as far as possible, persons they wish to have identified.

Your name, address and five other words cost $1.00. Additional words, names or dates cost 7 cents each. However, two deductions may be made — (1) a deduction of 50 cents, if the registrant is a subscriber to THE GENEALOGICAL HELPER — (2) a deduction of 50 cents if the registration is typewritten.

Here are two examples of how to register, count your words, names, dates, etc., and figure the cost for registering in the Annual Exchange Edition. In the examples given below, the numbers in parenthesis over the words are only to show you how to count the words, names, dates, etc. These need not be placed on your registration blank. Just count each word, abbreviation, name and date in figuring your cost. Surnames should be capitalized or underlined.

EXAMPLE NO. 1

John Doe
123 North Humble
Hill City, Nebr.

(1) (2) (3) (4) (5) (6) (7) (8) (9) (10) (11)
has data to exchange on: HUFF, (Mass, Nebr); John JONES m.
(12) (13) (14) (15) (16) (17) (18) (19) (20)
Ann SMITH (Elizabeth Tp., Pa.) 1810; Joseph BROWN d.
(21) (22) (23) (24) (25)
Aug. 4, 1700, (Reeding, Mass.)

A total of 25 words, names and dates are included in this registration. The name and address of the registrant and five words cost $1.00. The extra 20 words cost $1.40 (20 x 7c—$1.40). So the cost of this registration is $2.40, if John Doe is not a subscriber to THE GENEALOGICAL HELPER and the registration is hand-written. If a subscription order for one year or more accompanies the registration, 50 cents can be deducted. Another 50 cents can be deducted, if the entry is typewritten, thus reducing the cost to $1.40.

Assuming John Doe is a subscriber and has typewritten his registration this is how he would figure the cost:

Cost of listing your name, address and five words (see deductions below		$1.00
Extra words, names and dates, to be paid for	20	
Cost per extra word, name or date $.07 each	X.07	
Total for extra words, names and dates		$1.40
Total cost of registration (see deductions below)		$2.40

DEDUCTIONS

If this registration is typed - deduct 50 cents	$ .50
If you are an active subscriber to THE GENEALOGICAL HELPER or enclose your subscription herewith - deduct 50 cents	$ .50
TOTAL (after deductions, if any)	$1.40

EXAMPLE NO. 2

William Smith
456 West Arlington
Stratford, Ohio

(1) (2) (3) (4) (5)
GREEN (Tenn.); PETERSON 1801, (Va.)

This registration (name, address and five extra words) costs $1.00 if William Smith is not a subscriber to THE GENEALOGICAL HELPER and the registration is hand-written. If a subscription order for one year or more accompanies the registration the cost is 50 cents. If the registration is typed, another 50 cents, may be deducted, making the registration free of charge.

EXAMPLE NO. 3

Mrs. Martha South
937 Hatfield Drive
Thompson 2, Ariz.

Data to exchange: GASPERSON, WOODY, BURNETT, Rutherford and Burke Cos., N.C., Tenn., Mo., WORLEY, Ala.

A total of 15 words, names and localities are included in this registration. The name and address of the registrant and five words cost $1.00. The extra 10 words cost 70 cents (10 x 7c—$.70). So the cost of this registration is $1.70, if Mrs. South is not a subscriber to THE GENEALOGICAL HELPER and the registration is hand-written. If she is a subscriber or a subscription order for one year or more accompanies the registration, 50 cents should be deducted. Another 50 cents can be deducted, if the entry is typewritten, thus reducing the cost to $.70.

WHY REGISTER?—WHY ADVERTISE?

Why should you register? Why should you advertise in the Annual Exchange Edition of THE GENEALOGICAL HELPER the names of your ancestors you are trying to find? Because one of the easiest and quickest ways to find the information you are seeking is to explain your desires in this issue. Thousands of people interested in genealogy just as you are meet in the columns of this magazine. If your problems are no more difficult than others that have appeared here in the past you may be reasonably sure that someone will come along and offer you the information you are so eager to possess. They will be more than willing to exchange with you whatever records they have pertaining to your lines. That is why the September issue of THE GENEALOGICAL HELPER is called the Annual Exchange Edition.

As a genealogical researcher you know that it doesn't take many generations until you are just about related to every other family. Many researchers who over the years have used our columns and facilities to trace their ancestry know how in the past ten years they have found several researchers working on two or three or more lines akin to their own lines. We know for a reality that there are some who have extended their pedigree as far as thirteen generations from the information they have received from the Exchange Edition. Others again have extended their lines from three to seven generations. Of course, no one can guarantee that you or any one will duplicate that again. But, since it has been accomplished in the past, there is a possibility it may happen to you also. You'll never know until you try. The cost is so small that even if you should not be able to find the information, you would not be hurt financially.

Even if you should not hear from anyone immediately after the publication of the Annual Edition, don't be discouraged. It has happened in the past that the information has not been forthcoming until two or four or six years after the registration appeared in the Annual Edition. Let us explain how that may happen. Every year more people become interested in research work. They hear of the help others have received from our publications. They purchase a Handy Book for Genealogists. They purchase some of the available back numbers of the Annual Editions and discover to their astonishment that years ago one or two or more researchers had been interested in their very own lines. These people may live in various parts of the nation, but they are still connected with the family from several different branches which eventually run into the main trunk. They write to the people at the address given in the old Annual Edition and, as luck will often have it, they still live at the same address. There is nothing quite so thrilling as to find a member of our family, whom we had never before known! To correspond with them is a genuine feast. They can tell you things about the family that you never before knew, and you can tell them things that have been unknown to them.

Four brothers may have come to America from their native country, say in about 1840. After living in the same community in Pennsylvania for a few years, one after the other decides other sections may offer more opportunities to new settlers and so they leave for the beckoning field. One may go to Indiana. Another may go to Texas a little later. And still another still later may go to California, while the fourth remains in Pennsylvania. As years slip by little or no correspondence is kept up among the four families. The third or fourth generation may know nothing at all or very little about the families descended from their grandfathers' or great grandfathers' three brothers. But among the descendants of each of the brothers may be one who becomes interested in genealogy. In their search they find the story of how the four brothers came to America, but they have no idea where to find any of the descendants now. They learn about THE GENEALOGICAL HELPER, send their problems to the Annual Exchange Edition, and lo, and behold, the families of the four brothers become re-united. Each case may be just a little different, but in the main, that's about the story we have heard repeated over and over again, as they have sung our praises for bringing the families together again.

If you have never tried the Annual Exchange Edition, you may be more than surprised to find out the results that most often occur. We are sure you will never regret trying it. Thousands of researchers have done so over the years and are still using this medium in their research activities.

INDEX

This index is for Volumn Ten of The Genealogical Helper — March, June, September and December, 1956. The first figures indicate page numbers; the figure following the hyphen indicates the particular column on that page. Thus Coney 156-3 indicates that Coney will be found on page 156 column three.

Since all names appear in alphabetic order in the Directory of Genealogists, the Genealogists' Exchange and the County Directory of Genealogists, pages 51 to 135, inclusive, they do not appear in this index.

The various issues of Volumn Ten (1956) contain the following pages March 1 to 24; June 25 to 48; September 49 to 144; December 145 to 164

Mistakes Do Happen

Gremlins, pesky little gremlins seem to be ever present in most every kind of business. The airplane workers gave them their name but they have been known throughout the ages and their pestiferous acts have upset or come close to upsetting many an apple cart.

With the printers he gets in his digs, turning many a head gray or bald, by mixing up the type, pulling the wrong slugs at the right time, interpolating transposing and otherwise garbling the original copy.

During the printing of the "Seventh Annual Exchange Edition" the printers gremlins were thick as flies and though hundreds of their mischievous acts were caught and corrected some were not. Every face connected with getting out this issue turned "fire hydrant pink" when the ink was dry and most of the copies mailed and it was discovered that the contents of pages 62 and 63 had been transposed. Yes the numbers were right but the material printed on page 62 should have been on page 63 and vice versa. This made it appear that the registrations from C-67 to C-95 were omitted though they were not. But worse than that, registrations C-67 and D-15 were split and a full page of material was placed between each. C-67 will be found to start at the bottom of page 61 and it is continued on page 63. D-15 starts at the bottom of page 62 and you must turn to page 64 to finish it.

Other mistakes have also been turning up since that time and you will find a correction of them under ERRATUM. We seek pardon for these and all other errors. A rerun or correction of registrations or ads with mistakes attributed to us or our printers will be made. We humbly ask if you have good gremlin bait or eradicator to send it along—we're willing to try most anything. We also suggest you make a notation of these errors in your copy of "The Seventh Annual Exchange Edition" so later on you will not be misled by these errors.

Corn Records In Libraries

Since 1952 Clyde Everett Corn, 3202 Q Street, Vancouver, Washington, has been gathering records of the Corn family in England and the United States. The assistance he has received from about eighteen interested kinsfolk has now resulted in the publication of a mimeographed history covering 170 pages. Various spellings of the name, such as Corne, Chorn, Cornes, Carn, Carnn, Carnes, etc., are included. Information about Corns in several states in various times is given, as follows: Indiana, Iowa, Washington, Oregon, Missouri, Kentucky, North Carolina, Tennessee, etc.

Before accepting information on some records it should be thoroughly verified, as errors and mistakes easily creep in.

Copies of the Corn record have been obtained by about twenty families in different parts of the nation. They may also be checked in the following libraries: Fort Vancouver Regional Library, 1511 Main Street, Vancouver, Wash.; Indiana State Library, Indianapolis 4, Ind.; Kentucky State Library, Frankfort, Ky.; The Kentucky Historical Society, Old State House, Frankfort, Ky.; The Filson Club, 118 West Breckinridge Street, Louisville 3, Ky.; Daughters of the American Revolution, 1776 D Street, N. W., Washington, D. C.; Virginia State Library, Richmond 19, Va.; Georgia State Library, Atlanta 3, Ga.; Department of Public Instruction, State Library, Box 608, Harrisburg, Pa.; North Carolina Department of Archives and History, Raleigh, N. C.; Cincinnati Public Library, Cincinnati, Ohio; Oklahoma Historical Society, Historical Building, Oklahoma City 5, Okla.
